and all
who have memories
of our great school*

Mission Statement

We, the former student body of Princess Anne County Training School/Union Kempsville High School, come together to pay tribute to the parents who had the vision to give their children what segregation had denied them: an education. They raised money to fulfill their dreams and through their dedication and commitment they purchased the land for whence “a school of their own” was built. Later, the school evolved into a larger school, Union Kempsville High School.

We also come together one last time in remembrance of our school, and to take “The Last Walk” down the halls of our alma mater to revisit the time spent in a building that had little but gave much! Though the building will no longer be a visible reminder, it is our mission to keep these grounds hallowed forever!!

“Too much is given; much is required.”

The **HISTORY** of Princess Anne County Training School/Union Kempsville HS

1911 By 1911, Princess Anne County already had three high schools that served the white population. As late as 1933, the County had no educational facility for the Colored children beyond the seventh grade.

1925 Princess Anne County Training has a place in the local history of Virginia Beach. It is the first and only school to provide higher education for African Americans in Princess Anne County and Virginia Beach. The school was also a community center, reaching out into neighborhoods inspiring individuals toward self-improvement through education for adults and children.

The history of Princess Anne County Training School dates back to the evening of October 26, 1925 at Mt. Olive Baptist Church in Seatack. Colored parents, teachers, and ministers came together in a mass meeting to discuss a daring proposal—to build a Training School in Princess Anne County for Colored children. It was voted and the Princess Anne County Training School Association was formed to raise the funds to accomplish their dream. The Association raised money by holding contests, bake sales, excursions and other community activities. Monthly meetings were held and reports of money were received from churches, school leagues, and lodges sponsored money-making bazaars.

MESSAGE FROM A TEACHER:

Shakespeare said in his play, "As You Like It",

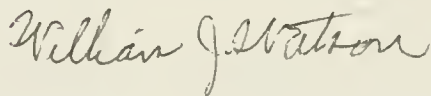

*All the world's a stage,
And all the men and women merely players;
They have their exits and their entrances;
And one man in his time plays many parts.*

We have played many parts in life: students, teachers, doctors, lawyers, entrepreneurs, writers, business people, and many other activities. Today we are ending the love of our connection to Princess Anne County Training School/ Union Kempsville High School, and the beginning of our connection and love for the replica to remind us of yesterday.

May I extend greetings to all of you: teachers, students, and guests of PACTS/U.K. High School. I want you to know that the road to where we are today did not come easy until the school board realized that something needed to be done to commemorate the early existence of the only black high school in Princess Anne County. Though it was small, we enjoyed and learned there. As we recognize the success of our former graduates, we are proud and overjoyed at their successes. The former teachers of PACTS/U.K. High School can pat themselves on the back, celebrating the beautiful job we did for our former students.

Enjoy your day and be proud of our heritage!

Love you all,

William J. Watson (Class of 1943)

June 30, 2007

A Note of Thanks,

The "The Last Walk" Planning Committee would like to take the opportunity to salute our teacher, our informant, our commandeering chief and Godfather, Mr. William J. Watson, for his command. It was his idea to have this event so that the former students would meet as one student body one last time in our school, Princess Anne County Training School/Union Kempsville High School.

We wish to recognize all former faculty members in attendance. This bittersweet and historic event would not have been complete without your attendance and for this we are grateful. We love you, we appreciate you, and most of all, we thank you for instilling in us a sound educational foundation and a heritage of which we are proud. We celebrate you!

To "The Last Walk" Committee, we would like to thank you for all the efforts you put into making this occasion a momentous and successful event. You gave many hours of planning and reaching out to ensure that this would be an event to remember. The outpouring of passion for the school was always evident during the planning. No task was too large or too small and we cannot thank you enough for all of your dedication and willingness to make this occasion one to remember. We applaud you and your support groups. Go Tigers....go!!

In addition, we would like to take this opportunity to thank all the former students who came from far and near to share in this occasion. Without your presence, this event would not have been a success. This day is dedicated to you! Mr. Watson wanted to make sure that you were the stars in the "final curtain call." We will always remember from whence we came! Although the building will be gone, PACTS/UK will never be forgotten!

Finally, a "very special thank you" to Yolanda Jones- Howell, for her passion and dedication in seeing this project through...and last but certainly not least, to Mrs. Ruby Allen for her directorship of the alumni choir.

To all, "thank you" and keep the Tiger Spirit!!!!!!

From the Program Committee

The day which we have planned and looked forward to is finally here: "The Last Walk" of the Princess Anne County Training School/Union Kempsville High School (PACTS/UKHS).

It is indeed an honor to be a former student and committee member of "The Last Walk," a historic event. As the Program Committee Chairman, it has been a rewarding experience.

Through the committee's researching of school alumni, the excitement of getting reacquainted with classmates, preparing a program, recognizing achievements and accomplishments, we found PACTS/UKHS former students in every field of expertise imaginable. They include doctors, lawyers, teachers, professors, judges, ministers, military, entrepreneurs, state/federal/city employees, and professional athletes, to name just a few. A feeling of pride and excitement was renewed each time we met, and as we talked with old schoolmates and remembered the great yesterdays, it was indeed a pleasurable experience.

We would like to say thank you to the exceptional staff of administrators, teachers, counselors and support staff who provided us with a safe and comfortable environment in which to learn and prosper.

Thank you to those parents who had the vision to purchase land to build a school to educate their children. Their vision is a reality today in you!

The Class of 1964 is honored and privileged to have been a part of UNION KEMPSVILLE HIGH SCHOOL history. We are greatly appreciative to our principals, teachers, and advisors for their many years of love, patience, and sacrifice. The students' best interest was always a priority.

Although the physical building will be gone, our memories cannot be destroyed or forgotten.

Our Sponsors and Patrons

Thanks to the many people
who supported this endeavor,
helping to make
“The Last Walk” a success.

The time has come...

Let it be known, that on Saturday, June 30, 2007, at the occasion of, "The Last Walk," the Union Kempsville Class of 1966, give honor to those faculty members who made sure that we were given the opportunity to enter into our next level as productive citizens armored with sound basic knowledge and skills to convey to our future endeavors.

It is with the utmost respect, as we turn back the pages of time, we recognize our class sponsors for without their untiring dedication, commitment, sharing, standards, and love, we would have been a lost generation. Their efforts were timeless, their motives pure and simple but their consciousness far exceeded our expectations. They had the insight on where we should go and took us as far as they could before releasing us to let us spread our wings. We, the class of '66 are eternally grateful for all that you gave and will forever be indebted to you. WE LOVE AND HONOR YOU... MANY THANKS TO OUR SPONSORS:

Louise H. Carter (deceased)

Hattie L. Goodman (deceased)

Emily E. Morgan (deceased)

Bernadine A. Rasberry (deceased)

William J. Watson

Inez C. Wilson

On this same day, we must also take the time to give honor to our Fallen Classmates, who have fought the good fight of life and gone on to a higher ground. We will forever hold them dear to our hearts and their names will always be synonymous with the Class of '66. The camaraderie that was established during those years spent at UK are precious and can never be replaced, their friendships will linger on. At our reunions, there are pictures of them, their names are apart of the conversations about our "school days," and we always take out time to commemorate their absence. CLASSMATES, WE MISS YOU DEARLY ...MAY YOU REST IN PEACE!

KEEPING MEMORIES ALIVE

In loving memory of my husband and soul mate, Harris O. Jennings.

Seven years have passed and I still feel your presence in my conversation and prayers. You were always full of life and kept things lively in your own way. When all of the former students march around Princess Anne County Training School for the last time; I'm sure you will be singing in your baritone voice watching from above. I haven't forgotten that you served as President of the senior class when we graduated in 1948. Still missing you daily as I try to keep up our home. I send lots and lots of kisses on the wind.

As we remember our parents, we know that because they loved us, we found new joys that were not ours before; new stars brightened our sky with glories growing more and more. We know, because they loved us, we could rise to the heights of fame and realms of power; because they loved us, we learned the highest use of every hour; and yes, because they loved us, our lives are still circled with unquestioned rest for a greater education tomorrow. We learned the lessons you taught us. You made our days beautiful.

You struggled for us to go to school
 For us to excel and learn the rules
 The lesson in life you wanted us to learn
 Education is the way and there is no time to play
 You wanted us to accomplish greater things in life
 Things that you were not afforded because of strife in your life
 Well, mother dear we say to you
 Your working three jobs paid magnanimous dividends
 Working your fingers to the bones for us
 Produced a legend that not many can touch!

We, your children love, salute, and adore you for the sacrifices that you made for us. Your perseverance, love and faith in Jesus Christ sustained you through all the adversities that confronted you. This ad serves to commemorate your undying love for us; Giving us life through your faith in Christ, working three jobs allowing us to succeed in our pursuit of that precious education. Your off springs DID IT through college and beyond. Your legend continues you now have doctors, lawyers, researchers, educational administrators, health professionals, teachers, economists, technical engineers, college presidents, poets, legal personnel working in these fields because you paved the way. It's all because of you!

WHAT A MIGHT MOM YOU WERE!

Gift of Friendship

In memory of:

Anna Lee Wiggins Briley

The gift of friendship was truly afforded to us when you came into our lives. Never would two little girls, who along with you became the "threesome", would have experienced the value of such precious components of sharing, caring, trusting, goodwill spirit, dedication, poise, concern, and commitment without you as our very best friend.

On the day that you left us, our hearts were truly saddened, for our beloved link had been physically broken. It's been a year now, we still are hurting, we feel our loss every day in everything we do, and there are always constant reminders of you in our daily lives. Even though we miss you, our sister, our buddy, our beloved friend, we know there was a higher power calling your name and you had to go! We will forever hold you dear to our hearts, and the memory of you will never fade. We love you still and we always will.

I is with a heart filled with gratitude and awesome respect that I submit these few words. I don't believe I could ever adequately convey what my high school years meant to me. There are so many warm and wonderful memories... the making of life long friendships and the bonding of teacher/student relationships; some of which remain today.

*F*orty-four years ago when I graduated from this school, I was prepared and equipped by some of the most dedicated and concerned academicians in the world. It was an era when teachers took a personal interest in you and encouraged you to succeed. I pause now to once again say "Thank You" to those who are yet with us; and honor the memory of those who have transitioned to a well deserved rest from their labor.

I was the author of our class song, and those lyrics mean as much to me today as they did then. In spite of the fact the "sacred halls of UK" will no longer exist in reality, they will always have a special place in my memory. My church family join me in saying "Thank's for the Memories."
